Saint Spyridon College (SSC) is committed to providing students with the opportunity to participate in school sports programs. In 2011 the school set up the SSC Kanga Cricket program which is supported by the South Australia Cricket Association (SACA) through the Milo in schools program.

In term 1 of 2011 the SSC Kanga Cricket Centre was formed and had 15 student enrolments. The program involved getting the children together once a week for a 1 hour training and games session designed to introduce them to the game of Cricket in a fun environment.

Based on the success of the program and the enthusiastic feedback from the children and parents the school nominated a junior team (years 2-3) to participate in the Kanga Cricket program for term 4 and Term 1 of 2012 at Unley Oval against other local schools.

The children and parents really enjoyed this program where they would meet on Saturday mornings and put their skills to the test and more importantly have fun playing in a team environment.

In addition the children from Saint Spyridon College were fortunate enough to be nominated to participate in the on ground activities during the lunch break on Day 1 of the recent Test match played at Adelaide Oval between Australia and India. The attached photographs highlight the great time had by all.

The Kanga Cricket program is now an integral part of the College’s after school program.

Additional information on the Milo in schools program can be viewed on the SACA website totally dedicated to Sturt Primary School Cricket.
