

# SAINT SPYRIDON COLLEGE

EMBRACE LEARNING, FIND WISDOM

*Little Miracles Playgroup offers a safe, calm and friendly environment for children from birth to school-age to play and interact with other young children.*

Little Miracles is part of Playgroup SA and is listed as a 'Play Together' playgroup, which means families and children from all different backgrounds and needs can play and feel that they belong.

We set out lots of different play and learning experiences for the children, however free play is the essence of playgroup and children are encouraged to choose, experience and learn at their own pace. Tea, coffee, and light snacks for both parents and children are provided. Our playgroup is a nut-free, smoke-free zone and we are in coherence with the SA Government's ongoing COVID management guidelines.
